

SHUBHAM VISHWAKARMA

Solution Architect | Presales Engineer | Cybersecurity & Infrastructure Specialist

Mumbai, India · +91 70397 56742 · shubham.vishwakarma5606@gmail.com · linkedin.com/in/shubham-vishwakarma5606 · cyberseanshubham.netlify.app

PROFESSIONAL SUMMARY

Results-driven IT professional with 5+ years of experience in large-scale enterprise infrastructure support, incident response, and operational reliability within highly regulated BFSI environments. Proven record of securing and supporting environments with 80,000+ endpoints and 5,000+ servers, sustaining 99% uptime under strict regulatory compliance. Skilled in Python, Bash and JavaScript automation, observability tooling, and AI-assisted operational workflows. Committed to reducing MTTR, enforcing change-control discipline, and driving measurable reliability outcomes.

PROFESSIONAL EXPERIENCE

Cybersecurity Solutions Architect | IT Security Engineer | Technical Pre-Sales

2024 — PRESENT

BD Software Distribution Pvt. Ltd. — Mumbai, India

- L1/L2 technical support, health checks and incident resolution for enterprise security platforms across critical customer environments.
- AI-driven operations: analyze security logs and automate threat-detection workflows with enterprise AI, rigorously validating AI-generated recommendations before implementation under strict data-sensitivity protocols.
- Python/Bash automation for deployment validations, routine health checks and operational workflows, measurably improving efficiency.
- SIEM dashboards and native telemetry to triage logs, metrics and traces for proactive issue detection.
- Technical infrastructure assessments for BFSI and government clients; scalable, AI-powered security and reliability recommendations aligned to business continuity.
- Led presales with customers and partners; solutioning for secure one-click remote access to business applications (ZTNA).
- Product expertise: TSPplus, Crossware, GoldFish, Bitdefender GravityZone, Email Security, MDM, FIM, Risk Management, Attack Surface Management, Axidian (PAM/IAM), WAF, MFA, FileCloud, Zaperon (ZTNA).

IT Security Engineer (Deputed to Major BFSI Clients)

SEPTEMBER 2021 — DECEMBER 2024

Hitachi Systems India Pvt. Ltd. — Mumbai, India

IndusInd Bank · State Bank of Mauritius (SBM) · Mahindra & Mahindra · Axis Mutual Fund · JM Financial

- Supported and secured an enterprise estate of 80,000+ endpoints and 5,000+ servers through rigorous 24x7 operations, ensuring high availability for mission-critical banking infrastructure.
- Led incident response, malware investigations and threat hunting with SOC, NOC and infrastructure teams, directly improving MTTR.
- Administered Trellix Endpoint Security, EDR, DLP, Application Control and PAM; performed continuous health checks, assessments and policy management for strict regulatory compliance.
- Deployed Trellix EDR and Application Control on-premises and integrated them into existing infrastructure.
- Managed Active Directory, AirWatch MDM, Windows Servers and NAS storage at SBM Bank; supported treasury and trading platforms (Bloomberg, Refinitiv, CCIL) with full business continuity.
- Automated patch management and compliance auditing across the enterprise with ManageEngine 360; automated trading-ticket workflows in Bash and Python.
- Optimized SentinelOne EDR/XDR across on-prem and cloud at Mahindra & Mahindra; led cloud migration and security health assessments; assisted SOC with Sentinel data-lake queries.
- Administered Symantec Endpoint Protection and SentinelOne cloud platforms under the CISO team at Axis Mutual Fund and JM Financial.

TECHNICAL SKILLS

	Red Hat Linux, Ubuntu, Kali Linux, Windows Server, AWS (EC2, S3, IAM), Cloud Migration, NAS Storage
Observability & Monitoring	SIEM Log Analysis, ManageEngine Desktop Central & 360, Trend Micro Deep Security, SentinelOne, Platform Health Monitoring, Alert Triage
Scripting & Automation	Python, Bash/Shell, JavaScript, vulnerability reporting, API integrations, task orchestration
Security & Operations	Incident Response, Threat Hunting, Malware Analysis, Vulnerability Management, PAM/IAM, ZTNA, DLP, WAF, EDR/XDR (Trellix, Bitdefender, SentinelOne), MDM (AirWatch)
Databases & Applications	Bloomberg, Refinitiv, CCIL trading platforms; working knowledge of PostgreSQL and Oracle
Networking & Tools	TCP/IP, DNS, Wireshark, Nmap, Zscaler, FortiClient
ITSM & Reliability	24/7 On-Call, ITIL, Change Control, Root Cause Analysis, MTTR Optimization, Post-Incident Reviews
Emerging	Kubernetes, Docker, Enterprise AI-Assisted Operations

CERTIFICATIONS

CCSP — Certified Cloud Security Professional (Simplilearn)	CISM — Certified Information Security Manager (Simplilearn)
CompTIA Security+ — Security Operations (Simplilearn)	CompTIA Network+ — Networking Fundamentals (Simplilearn)
CEH — Certified Ethical Hacker (Simplilearn)	Site Reliability Engineering (Simplilearn)
Bitdefender Certified Technical Specialist	Bitdefender Certified Sales Specialist
Certified Expert — TSplus Business Solution	

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT)

Dhanukar College of Commerce and Science · 2021 · CGPA 6.9
